

Privacy Policy

Information under the General Data Protection Regulation concerning the processing of personal data on the current Wanted Six website.

Last updated: 14 July 2026

1. Controller

Controller	Salim Ghannameh
Place of residence	Zeillern, Lower Austria, Austria
Email	hello@wantedsix.com
Website	https://wantedsix.com/

No data protection officer has currently been appointed because, based on the present scope of processing, no statutory appointment obligation is apparent.

2. Processing Principles and Legal Bases

Personal data is processed only to the extent necessary for the secure operation of the website, administration of the waitlist or delivery of information expressly requested by the recipient.

- **Consent** under Article 6(1)(a) GDPR, for example for waitlist and email updates and non-essential external services;
- **legitimate interests** under Article 6(1)(f) GDPR, particularly for secure, stable and abuse-resistant website operation;
- **legal obligations** under Article 6(1)(c) GDPR where data is processed to comply with statutory requirements;
- the applicable requirements of Section 174 of the Austrian Telecommunications Act 2021 (TKG 2021) for electronic direct marketing;
- the consent requirements of Section 165(3) TKG 2021 for storing or accessing non-essential information on terminal equipment.

3. Website Access and Hosting

When the website is accessed, the web server processes connection and log data that is technically necessary. This may include in particular:

- the IP address of the requesting device,
- the date and time of access,
- the requested URL and the volume of data transferred,
- the referrer URL, where transmitted by the browser,

- browser type, operating system and device information,
- HTTP status, error and security information.

This processing is necessary to deliver the website, ensure technical stability, detect attacks and misuse and analyse errors. The legal basis is Article 6(1)(f) GDPR. Our legitimate interest is the secure and reliable operation of the website.

Hosting provider

The website is hosted by **Hostinger International Limited**, 61 Lordou Vironos Street, 6023 Larnaca, Cyprus. Hostinger processes hosting and log data on our behalf to the extent required to provide the website.

Log data is retained only for as long as required for operation, troubleshooting, security purposes or compliance with legal obligations. The specific period depends on the technical configuration, hosting plan and relevant security event. Data that is no longer required is erased or anonymised.

4. Domain and DNS Services through Cloudflare

Cloudflare, Inc., 101 Townsend Street, San Francisco, California 94107, USA, is used to manage the domain and Domain Name System (DNS).

During DNS requests and - where Cloudflare proxy, CDN or security functions are enabled - when the website is accessed, technical connection data such as IP address, requested hostname, timestamps, device and security information may be processed. Cloudflare is not currently used for advertising or profiling purposes.

The legal basis is Article 6(1)(f) GDPR. Our legitimate interest is reliable domain resolution and, where enabled, protection against attacks and the secure and efficient delivery of the website.

Where data is transferred to the United States, Cloudflare states that it relies in particular on its certification under the EU-US Data Privacy Framework and, additionally, on Standard Contractual Clauses.

5. Wanted Six Waitlist and Email Updates

Interested persons may submit their email address through the waitlist to receive selected pre-launch and project updates before Wanted Six fully launches.

Data processed

- email address,
- the content and time of consent,
- registration, confirmation and unsubscribe timestamps, where recorded,
- technical evidence such as IP address or browser information where processed to document consent or prevent misuse.

Purpose and legal basis

The data is processed to administer the waitlist, send information expressly requested by the recipient and document valid consent. The legal basis for sending and administering these messages is consent under Article 6(1)(a) GDPR in conjunction with Section 174 TKG 2021. Processing to prevent misuse and document consent may additionally be based on Article 6(1)(f) GDPR.

Withdrawal and unsubscribe

Consent may be withdrawn at any time with effect for the future, in particular through the unsubscribe link in an email or by sending a message to hello@wantsix.com. Withdrawal does not affect the lawfulness of processing carried out before the withdrawal.

Retention period

The email address is generally retained until consent is withdrawn, the recipient unsubscribes or the waitlist and information purpose permanently ceases. It is then erased or, where necessary to ensure that an unsubscribe request continues to be honoured, retained on a suppression list. Evidence of consent and unsubscribe requests may be retained for longer where necessary to comply with statutory documentation, limitation or legal defence requirements.

6. Email Service Provider Brevo

Brevo, a service provided by Sendinblue SAS, 9-17 rue Salneuve, 75017 Paris, France, is used to administer the waitlist and send emails.

Data collected during registration is transferred to Brevo and processed there on our behalf. Brevo processes the data in particular for list administration, email delivery, unsubscribe management, technical delivery control, deliverability analysis and misuse prevention.

According to Brevo, the servers on which it processes and stores its databases are located within the European Union, particularly in France, Germany and Belgium. Brevo may use sub-processors. If a transfer outside the EEA occurs in an individual case, it may take place only in compliance with Articles 44 et seq. GDPR.

Where required for the specific use, a data processing agreement must be concluded with Brevo or activated through the Brevo account.

7. WordPress and Elementor

The website is built with WordPress and Elementor. This software is operated locally on the hosting system. The mere use of this software does not automatically result in personal data being transferred to the respective software providers.

WordPress may set technically necessary cookies for administrators and logged-in users. The current public website does not yet provide user accounts, comments or public uploads. This Privacy Policy will be updated before any such functions are enabled.

8. Fonts / Google Fonts

The website uses fonts that are available through Google Fonts.

Where the font files are hosted locally on the Wanted Six server, no connection to Google is established when the fonts are loaded.

Where fonts are loaded directly from servers operated by **Google Ireland Limited**, Gordon House, Barrow Street, Dublin 4, Ireland, Google necessarily receives the IP address and browser, device and request information. Such an external connection is activated only after prior consent through the consent management system. The legal basis is Article 6(1)(a) GDPR in conjunction with Section 165(3) TKG 2021. Without consent, locally hosted or system fallback fonts are used.

Where Google transfers data to Google LLC in the United States, the transfer is carried out in accordance with the transfer mechanisms used by Google under Articles 44 et seq. GDPR.

9. Cookies and Consent Management

Cookies are small text files that may be stored on or read from a user's terminal device. Technically necessary cookies may be used where required for security, site navigation, form functionality or storage of a privacy preference.

The WordPress plugin **Complianz** is used to manage consent. It stores the accepted or rejected categories, the time of the choice and technical information required as evidence. This information is retained until the preference expires, is withdrawn or is reset.

Non-essential cookies or external services are enabled only after voluntary consent has been provided. Consent may be changed or withdrawn at any time with effect for the future through the cookie settings.

No analytics, advertising or marketing pixels such as Google Analytics, Meta Pixel, TikTok Pixel, Microsoft Clarity or comparable tracking services are currently used.

The specific cookie inventory is identified through a complete scan of the production website in the consent management system and is updated when the website changes.

10. Transport Encryption and Data Security

The website is provided through an encrypted HTTPS connection. This protects transmitted content against basic interception while in transit.

Appropriate technical and organisational measures are used to protect personal data against loss, manipulation, unauthorised access and other unlawful processing. Absolute security cannot, however, be guaranteed for internet-based systems.

11. Recipients and International Data Transfers

Personal data is made available only to recipients that require it for the purposes described above. These recipients include, in particular, the hosting, DNS, security and email service providers named in this Privacy Policy.

Service providers are engaged as processors where required by law. Transfers to countries outside the European Economic Area occur only where an adequacy decision applies, appropriate safeguards such as Standard Contractual Clauses have been implemented or another lawful basis under Articles 44 et seq. GDPR is available.

12. Minors

Wanted Six is conceptually intended for persons aged 18 or over. We do not knowingly collect children's data for community or marketing purposes. If we become specifically aware that a minor has submitted data without any consent required by law, the data will be reviewed and erased unless another legal basis applies.

13. Rights of Data Subjects

Subject to the statutory requirements, data subjects have in particular the following rights:

- the right of access under Article 15 GDPR,
- the right to rectification under Article 16 GDPR,
- the right to erasure under Article 17 GDPR,
- the right to restriction of processing under Article 18 GDPR,
- the right to data portability under Article 20 GDPR,
- the right to object under Article 21 GDPR,
- the right to withdraw consent under Article 7(3) GDPR.

Requests may be sent to hello@wantedsix.com. Appropriate proof of identity may be requested to prevent unauthorised disclosure. Requests are generally handled within one month; this period may be extended where the statutory conditions are met.

14. Right to Lodge a Complaint

Data subjects have the right to lodge a complaint with a data protection supervisory authority. In Austria, the competent authority is:

Authority	Austrian Data Protection Authority (Österreichische Datenschutzbehörde)
Address	Barichgasse 40-42, 1030 Vienna, Austria
Email	dsb@dsb.gv.at
Website	https://www.dsb.gv.at/

15. Automated Decision-Making

No decision based solely on automated processing, including profiling within the meaning of Article 22 GDPR, currently takes place in connection with the website or waitlist.

16. Changes to this Privacy Policy

This Privacy Policy will be updated whenever functions, service providers, categories of data, purposes or legal bases change. An update is required before enabling, in particular, user accounts, social logins, community profiles, uploads, analytics, advertising pixels, payment services, embedded videos, maps or other third-party services.
